## Frequently Asked Questions

**Q. Wait, we give our tax dollars to oil companies?**

A. Yes. Every year Canadians give more than three billion in subsidies and tax breaks to fossil fuel companies. That doesn’t count publicly funded infrastructure like the Trans Mountain expansion, which it’s estimated will cost \$15 billion. And it doesn’t include the damage from climate change, which is also costing us billions per year.

**Q. Who are you volunteering with?**

A. Dogwood is a citizen group based in Victoria, B.C. We have a campaign calling on politicians to stop giving public money to oil, coal and gas companies. You can learn more at [NotAnotherDollar.ca](http://NotAnotherDollar.ca)
